Who we are

Primevant Advisory is a professional advisory firm focused on helping organizations strengthen governance, manage risk effectively, and build resilient internal control environments.

We work with Boards, Executive Management, regulators, and business leaders to design practical governance and control systems that protect organizations from financial loss, regulatory sanctions, cyber threats, operational disruption, and reputational damage.

Founder

Uchechi Osuagwu, CISA, CISSP

Former Ernst & Young Partner (EY) and seasoned Technology Risk and Governance professional with over 15 years of experience advising organizations globally on risk management, internal controls, controls design and optimisation, cybersecurity governance, and regulatory compliance transformation. Uchechi has led complex, high-impact engagements advising Boards and Executive Management on governance maturity, regulatory readiness, enterprise risk oversight, and sustainable control environments aligned with international best practices.

What we do

Primevant Advisory partners with forward-thinking organizations to build strong governance frameworks, reduce risk exposure, and enhance regulatory confidence. We welcome the opportunity to discuss how we can support your organization's risk and compliance objectives.
